## HUMBLED CHINA SUES FOR PEACE WITH THE POWERS

LONDON Aug. 10.—An edict emanating from Peking and authorizing Li Hung Chang to negotiate with the powers for peace has, it is reported from Shanghai under yesterday's date, been received there.

**COUNT VON WALTERSEE ACCEPTABLE**  
Appointment is Approved at Washington.  
Conger Refuses to Walk Into Chinese Trap.

WASHINGTON, Aug. 10.—It is authoritatively stated that the United States Government will accept Count Waldersee as the commander of the international force in China if the necessity exists at the time of his arrival in that country for an international force to begin a campaign.

The State Department made public this morning the following cablegram from Minister Conger which was received by Minister Wu last night (August 9th), being contained in a telegram sent to him by the Tao Tai by the Shanghai. It was handed by Minister Wu to the acting Secretary of State at 9 o'clock this morning:

"SECRETARY OF STATE, Washington.—The Tsung Li Yamen states to the diplomatic body that the various foreign governments have repeatedly asked through the respective Chinese Ministers that we immediately depart from Peking under suitable escort. The Yamen asks us to fix a date for our departure and to make the necessary arrangements to do so. Our reply is that we will seek instructions from our governments, and that in the absence of such instructions we cannot quit our post. I must inform you that in order to insure our safe departure foreign troops only can escort us and they must be in sufficient force to safely guard 800 foreigners, including 200 women and children, as well as 3,000 native Christians, who cannot be abandoned to certain massacre. We cannot accept a Chinese escort under any circumstances. All my colleagues are dispatching the foregoing to their respective governments. Of the American marines seven have been killed and sixteen wounded, among the latter Captain Myers and Dr. Lippert, who are getting along well."

"CONGRER."

This message is undated, but is supposed to have been sent on or after the 5th of August, when the imperial edict removing the prohibition against the Ministers sending cipher messages was received by the Tsung Li Yamen. It is substantially in accordance with the dispatch of the French Minister, M. Picton, to his government, which was made public in Paris yesterday.

The message came to the Chinese legation at 12:15 this morning. The building was closed at the time, but the American minister called at the Chinese legation and handed the message to the acting Secretary of State, who immediately sent it to the President and to Secretary Root.

Mr. Wu appeared greatly pleased at this latest opportunity to be the medium of communication between the American Minister and Washington, and the word look of yesterday gave place to a broad smile. Aside from the contents of the message, it is understood that the Chinese government was carrying out this part of the agreement.

The action of the entire diplomatic corps in Peking in agreeing not to leave their posts without instructions from their governments appears to settle that they will stay in Peking until relieved unless forced out by the Chinese, as it hardly is probable that they will be instructed to leave in the face of their own judgment that it would be certain death. There is a mediocrity of opinion in the attitude of the Ministers, not only in standing together, but in urging that any relief sent to them be strong enough to give them the opportunity to those foreigners and native Christians not so favorably and officially circumstanced as themselves.

No important dispatches concerning military movements came early in the day, although it was expected that the details of the capture of the Yang Tsun and the casualty list would soon be in hand.

The German Charge d'Affaires, Count Stadion, called at the State Department during the morning and briefly discussed Chinese matters. The German authorities are gratified at the favorable manner in which the appointment of Count Waldersee as commander-in-chief of the allied forces has been received in this country.

**NOT A DIRECTOR OF CONTRA COSTA**  
Mr. Victor H. Metcalf Has No Connection Whatever With the Water Company.

I am not now, and for the past year and a half have not been a director in the Contra Costa Water Company. Shortly after my election as a Representative to Congress from this district I resigned from the Board of Directors and since that time have had no connection with the company. I am not the attorney for the company.

I am not a stockholder in the company and have no interest in it financial or otherwise.

In 1888 or 1889, upon the urgent solicitation of clients of mine who were largely interested in the company, I consented to become a director and was appointed to fill a vacancy on the board.

My connection with the company was simply that of an attorney guarding and protecting the interests of his clients. I have no apologies to make. It is sufficient for me to know that I protected to the best of my ability the sacred charge committed to my trust.

**RUHLIN AND FITZ ON EVE OF BATTLE.**  
Bob Expects to Win in One Round.

NEW YORK, Aug. 10.—Interest in New York today centers upon the Fitzsimmons-Ruhlin boxing contest, for which the principals are resting today, preparatory to the struggle which is billed to begin at 9:30.

Both men claim to be in better condition than ever before. Fitzsimmons says he has never been in as prime condition as he is now, and he believes that he will be able to end the fight in the first round.

There is no championship dependent upon the outcome of this match, but the fact that Jim Jeffries has said that he will give the winner a show gives the contest much interest in sporting circles.

Up to date little or no betting has been done. The ex-champion seems to have the call, but at a figure which indicates a strong Ruhlin sentiment. A few bets were made last night at 100 to 80 on Fitzsimmons, and sports predict that even money will be offered at the ringside.

Ruhlin will be accompanied to the garden by Charlie Goff and Billy Madden, who, with Corbett, will be in Ruhlin's corner during the fight. Behind Fitz will be Bob Armstrong, Dan Hickey, Fitzsimmons' trainer and sparring partner, George Dawson of Chicago, and Jeff Thorne, the British pugilist.

Among those who predict victory for Fitzsimmons are George Siler, Jerry Dunne, Sam Austin, Al Hereford and Tom Sharkey. Some of those who are confident that Ruhlin will win are Al Smith, George Considine and Kid McCoy.

and number of this force are, it is further asserted, kept secret in order to prevent the facts from reaching Peking.

The French Consul at Shanghai says 3,000 Annamite troops will arrive there next week for the protection of the French settlement. The Chinese merchants of Shanghai have petitioned the foreign Consuls there to prevent the landing of troops, declaring that it will create a panic among the Chinese.

Li Ping Hong, the former Governor of Shanghai, personally commanded 15,000 Chinese at Yang Tsun.

A Chinese official at Shanghai says seventeen pirates and brigands were beheaded at Canton August 5th.

Dispatches received from Berlin say that Emperor Francis Joseph and King Victor Emmanuel III have telegraphed to Field Marshal Count von Waldersee congratulating him on his appointment to the chief command of the allied troops in China.

Field Marshal von Waldersee, it is announced, will sail August 21st or 22nd from an Italian port and that he will go to Shanghai first, thus disposing of the report that the Field Marshal is going to China by way of San Francisco.

About 5,000 more German troops are going to China. The government at Berlin is negotiating with the North German Lloyd and the Hamburg-American lines for eight transports.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Aug. 10.—Orders have been issued for additional teams to be sent from Manila to China to increase the available transportation necessary for the movement of General Chaffee's army. **CAPTURE OF KHARBIN BY THE RUSSIANS.**  
Associated Press Dispatches by The Tribune's Special Leased Wire. ST. PETERSBURG, Aug. 10.—It is officially announced that the Russian troops captured Kharbin Aug. 3d.

**NEW CHWANG CAPTURED BY THE RUSSIANS.**  
Associated Press Dispatches by The Tribune's Special Leased Wire. ST. PETERSBURG, Aug. 10.—The Russian Admiralty has received the following message from Admiral Alexieff:

"NEW CHWANG, Sunday, Aug. 5.—The Chinese town of New Chwang, on the Gulf of Liao Tung, was captured August 4th, two warships taking part in the bombardment. The inhabitants were dispersed."

The Russian War Office has received the following dispatch from Grodekoff:

"KHLABAROVKA, Aug. 9.—General Renskamp, August 7th, overtook and defeated the enemy beyond the Amur river, capturing two guns. The battle was continued as far as Tzest. During the evening of August 7th the Chinese assumed the offensive on both our flanks. They were driven back with great loss. Renskamp has been reinforced with infantry, artillery and cavalry."

The railroad north of Tashi Tsao in the hands of the Chinese, who destroyed the station at Hai Cheng August 6th and damaged the line. Hai Cheng was recaptured after an obstinate fight.

"The mountain forests interfered with the reconstruction of the line."

**NO ABATEMENT IN CHICAGO HEAT.**  
Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Aug. 10.—Up to 11:30 today three deaths were reported as a result of the continued excessive heat. They were:

Edward P. Herrick, broker; James Cull; Mary Smith, living at Elgin, Ill.

At 12:30 o'clock today the government thermometer registered 90 degrees, one degree hotter than at the same time yesterday.

**NUSBAUMER IS CONFIDENT OF VICTORY.**  
No Thought of Giving Up Fight.

Laughs at the Story Printed By Dalton's Organ.

The Enquirer last night stated, with glowing headlines, that Judge Nusbaumer had given up the fight.

The Judge was seen today, and denied most emphatically that he had given any ground by a single word, or even thought, for the statement; that it was a canard—a falsehood made out of whole cloth.

Continuing, he said: "Why, so far from entertaining such an opinion, I never was more confident of the triumphant re-election of Mr. Metcalf—and it is now my firm conviction that if these mad batteries continue in active operation Dalton would have a delegate in the convention. Such a campaign reverts against those who conduct it. Whoever indulges in such political methods in Oakland entirely misunderstands the character and temper of this community."

"If every other qualification were possessed in the most eminent degree by a candidate for Congress, the manner in which this campaign is being conducted by the organ, of which Dalton is one of the two owners, and its satellites, would far overshadow them all and completely demonstrate his entire unfitness. What shall be said, then, when it is done for the purpose of depicting a tried and true Republican, who has demonstrated his fitness, by a Populist-Democratic candidate, whose only qualification for the position is his infinite gail in asking the Republicans of this Congressional district for a nomination."

"Now I am not a betting man, but if any one thinks I don't believe Metcalf will win, and he is a responsible man, and is willing to back his judgment, and will call on me, he can learn where there is \$2,000 to place against \$1,000 that Metcalf will win out. Tell them to 'put up or shut up.'"

Associated Press Dispatches by The Tribune's Special Leased Wire. REDDING, Cal., Aug. 10.—J. Wess Moore, the 60-year-old veteran of the Civil War who killed Christian Alverson in Trinity county two months ago in a trifling quarrel, was convicted at Weaverville yesterday of murder in the first degree. Life imprisonment was recommended.

**MRS. CRAVEN LOSES HER FIGHT.**  
Judge Declares She Is Not Fair's Widow and the Wills are Forgeries.

SAN FRANCISCO, Aug. 10.—Mrs. Nettie R. Craven has again suffered defeat in her battle for the millions of the late Senator Fair.

In a decision rendered today Judge Trout holds that she is not the widow of the deceased millionaire and is not entitled to any allowance out of his estate.

He places no faith in her marriage contract, and for the so-called ceremony before Justice Simpson of Sausalito has nothing but condemnation.

Of that affair he says:

"I do not hesitate to declare the story of the Sausalito ceremony to be a most improbable one—an incredible one."

More than this, Judge Trout declares the pencil will and deeds forgeries. His words are:

"The evidence bearing upon the handwriting of this pencil will as compared with the genuine handwriting of the decedent, and the evidence bearing upon the genuineness of the pencil deeds, convinces me beyond all doubt that the said will and the said deeds were not written or signed or delivered by the decedent but are forgeries."

In conclusion, Judge Trout declares there never was any assumption of marital duties on the part of Senator Fair, and that Mrs. Craven never became the wife of the deceased capitalist.

Mrs. Craven was not in court when the decision was rendered. She was represented, however.

Judge Trout did not read his decision, but filed it with Deputy County Clerk McElroy without comment.

**MURDEROUS BOER PLOT IS FOILED.**  
Plan to Shoot All British Officers.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 10.—A special dispatch from Pretoria says the Boer plot to make a prisoner of Lord Roberts and shoot all the British officers posted in the extreme western part of the city, hoping to induce the burghers to rise in rebellion, and the conspiracy was discovered at the last moment. The conspirators numbered about fifteen. They had planned to set fire to the houses in the extreme western part of the city, hoping that the troops would be concentrated there. The plan was that then the conspirators were to enter all houses occupied by British officers, those having been previously marked, and kill the occupants.

All the Boer sympathizers were acquainted with the plot, and several had been told off to secure the person of Lord Roberts and to hurry with him to the nearest commando. Horses had been obtained for this purpose.

Then the British learned the names of the ringleaders, who were put under arrest. The affair has created a tremendous sensation.

The men fought hard. Woods, who outclassed Ely, knocking the latter out in the second round.

**BLACKMAILER BLOWS HIS BRAINS OUT**  
John Slovinski Feared a Trial.

Found Dead With a Shotgun in His Hands.

Associated Press Dispatches by The Tribune's Special Leased Wire. LOS ANGELES, Cal., Aug. 10.—John N. Slovinski, who with his wife has been on preliminary examination for the past three days on a charge of blackmailing capitalist A. R. Maines, this morning removed his case to a higher court by blowing out his brains with a double-barreled shotgun.

This morning when it was time to go to court Slovinski excused himself by saying that he had some letters to mail and a few other little matters to attend to, telling her to go ahead and that he would follow in a few minutes. The examination was to have been resumed at 9:30 o'clock, and at that hour Mrs. Slovinski with her little son were in the court-room, together with all the attorneys on both sides.

At the appointed time Slovinski had not put in an appearance, and a bench warrant was issued for his arrest. When the officer went to serve the warrant on Slovinski in his lodgings on South Olive street he found his dead body stretched out on a cot in a pool of blood, with a double-barreled shotgun clutched in both hands.

He had placed the muzzle in his mouth and discharged the piece with a short stick. His head was reduced to a pulp.

When the news was conveyed to Mrs. Slovinski in the court-room she became prostrated. Justice Austen promptly adjourned court.

### BARON RUSSELL PASSES AWAY.

England's Lord Chief Justice Dies of an Operation.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 10.—Baron Russell, Lord Chief Justice of England, died this morning.  
Baron Russell had been ill for some time. Yesterday an operation was performed, which the patient is reported to have passed through in good condition. This operation, however, resulted in his death. It was performed by Dr. Treves. Various reports have been circulated as to the disease from which the Lord Chief Justice suffered. According to some, his malady was a gastric disorder, while other reports were that he had a tumor in the stomach.  
The War Office telegraphed the news of the Lord Chief Justice's death to his youngest son, Hon. Richard Russell, who is at present serving as a Lieutenant of the Royal Artillery in South Africa. The Hon. Charles Russell, another son of the deceased, is now in Canada.  
The courts generally suspended business today and the judges and other distinguished lawyers eulogized the deceased Lord Chief Justice.  
Premier Lord Salisbury will select the successor of Lord Russell, with the Queen's approval. Lord Alverstone (Sir Richard Webster), the Attorney-General and now Master of the Rolls, will, it is generally thought, be appointed Lord Chief Justice of England.

### MEETINGS OF THE THIRD DISTRICT GRIEVANCES OF CANADIAN TROOPS.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Aug. 10.—Various complaints are published in the morning papers from the Canadians involved in England from South Africa regarding the lack of arrangements for their comfort and the delay in sending them home.  
The Morning Leader says:  
"The Canadian invalids who sailed from Liverpool for Montreal yesterday by the Adriatic liner expressed their disappointment at the neglect of the military authorities in Liverpool. They said, having experienced the life of the British soldier under British officers, they had resolved to stay at home and mind their own business in the future. Moreover, they promised to lay the facts before the Canadian Ministers on board the Adriatic."

### PRINCE TUAN LEAVES PEKING.

Ordered to Retake Tien Tsin By Dowager Empress.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 10.—A dispatch to the Herald from Tien Tsin, August 20, says:  
Major Blidie and two companies of American marines and Captain Kelly's battery have arrived.  
The Sixth Cavalry has disembarked at Taku.  
A gate at Taku delayed the landing of the American artillery and cavalry.  
Two battalions of the Ninth and one of the fourteenth Infantry and the American marines have had orders to join in the advance.  
Twenty-nine men of the Ninth Infantry are on the sick list.  
The American forces lack a signal corps and surgeons.  
A prominent American officer is authorized by the statement that reinforcements were required to make the advance successfully.  
A meeting of the Generals to decide upon a plan for a concerted attack on the Chinese position has been postponed until tomorrow because the Russian General is unable to attend.  
According to the Japanese and Russians are pushing their advance guard forward. Chinese cavalry made an attack on a Russian guard at Hai Ku, but fled before the Chinese.  
Six miles north of Hsi Ku the Chinese are strengthening their position.  
The British men ordered to advance consist of 1,800 Indian and 800 Welsh troops.  
The Boxers are in strong force and are attacking the south of Tien Tsin. They are murdering, pillaging and committing atrocities.  
It is reported that Prince Tuan has left Peking and is en route to Tientsin in his position twenty miles northward. The Dowager Empress having issued an imperative command for the re-occupation of Tien Tsin and Taku.  
This step shows a determination to stop the advance, but it may be Prince Tuan's scheme to escape.  
A report that friendly Chinese are aiding the Peking residents with food and ammunition, and that a new party of revolutionists is developing in Peking.  
Refugees are returning in a starving condition.

### STUFFERS COMING FROM FRISCO.

Judge Fox, president of the Quarter Century Republican Club, stated to the members last night that the information had come to him straight from a reliable source in San Francisco that there was organizing over there a body of disreputables to come over here and assist in controlling the primaries in the interest of Mr. Dalton. Forewarned is forearmed. Let the supporters of Mr. Metcalf, the police authorities and the detective agents of Harry N. ## BERKELEY SOLID FOR METCALF.

### How Dalton's Workers Failed to Capture a Republican Club.

BERKELEY, Aug. 10.—A Republican club of Berkeley, one of the five clubs in the town, held a meeting last night at which were present about eighty members of a total roll of 90 or more.  
The entire working force of Mr. Dalton in the town had been for three days drummed up to the present and swing things. A few hours' canvass brought out enough Metcalf men to completely block their game. The discussion, animated at times, centered along the lines of the Assembly bill and developed the fact that the Assembly forces at the meeting were about equal, but that the Metcalf men were in the majority, and the club meeting was forced to adjourn without any club action.  
The club membership is conclusively shown to be, in its entirety, three to one for Victor H. Metcalf for Congress. The sentiment for Mr. Wast for State Senator is unanimous.

### THIRD WARD IS SOLID FOR V. H. METCALF

Result of a Canvass by Many Leading Citizens.  
Last night there was an enthusiastic home meeting of Republicans of the Third Ward at the residence of C. R. Morgan. All sections of the ward were represented.  
Each representative reported that he had carefully canvassed his neighborhood. Every report showed that Victor H. Metcalf is the favorite for Congress.  
The conclusion is therefore warranted that the Third Ward will be solid for Metcalf at the primary tomorrow afternoon.

### "PIECE" CLUB NOT WANTED.

Lorin Men Could Do No Business With Metcalf.  
In the Enquirer last night appeared the following: "The Lorin Independent Republican Club, of which Chas. Greene is president and Oscar Vickers, secretary, met at Lorin Hall last evening for a discussion of the political situation. The purpose of the meeting was to consider the endorsement of a Congressional candidate. The names of Henry P. Dalton and Victor Metcalf were presented. After a full discussion by a strongly pro-Metcalf sentiment the club endorsed the candidacy of Henry P. Dalton."  
In this connection it is interesting to know that the following letter was received a few days ago at the headquarters of Victor H. Metcalf:  
"Dear Sir: The following named members of the Lorin Independent Republican Club of Lorin, Cal., at their meeting appointed this evening: Chas. R. Greene, Chairman, Austin Vickers, and Arthur A. Dixon, as a visiting committee to interview you on the behalf of the political interests of the above named Lorin Independent Republican Club."  
"CHAS. R. GREENE, Chairman."  
"Lorin, August 7, 1900."  
Subsequently the committee called upon Mr. Chas. Greene and after explaining him that they would support Mr. Metcalf if it was made worth their while to do so, they left. They had no money to pay to "piece clubs," and invited them to carry their proposition elsewhere.

### FIRE DEPARTMENT HAS THREE RUNS.

The Fire Department has had three runs in the past twenty-four hours. At midnight a barn owned by H. Tom Soden on Sixteenth street, between Twelfth and Thirtieth avenues was destroyed together with three wagons, a rockaway and three tons of hay. The loss is about \$500, fully covered by insurance. The origin of the fire is unknown.  
The alarm from box 10 at 10:30 this morning was caused by a blazing chimney at 822 Linden street. No damage.  
Spontaneous combustion in a box of rubbish in the basement of the cottage at 505 Telegraph avenue caused a loss of about \$5. The house is occupied by a Mrs. Kennedy, a nurse, who was not at home at the time.

### LEON MAGNES NOW A RABBI

Officers Tomorrow in Temple Emanuel San Francisco.  
Tomorrow morning at 10 o'clock the pulpit of Temple Emanuel in San Francisco, the leading synagogue on the Pacific coast, will be occupied by Rabbi Leon Magnes. The announcement is interesting because of the standing of the rabbi, the age and the youth of the rabbi, who is to speak where, for years, Rabbi Voorsanger has inspired hundreds of thoughtful, discriminating people. It is all the more interesting because Rabbi Magnes was raised in Oakland, and here his parents, relatives and friends still reside. He is the son of D. Magnes, formerly in the dry goods business in this city, and a nephew of Julius Hugo and his wife, who are well-known in the Jewish community at Cincinnati, where his scholastic studies were completed, and where, about a month ago, he was ordained, thus receiving the highest of rabbinical honors. He will officiate in Temple Emanuel at the earnest request of Rabbi Voorsanger, who has been asked to by a crowded assembly, many of the members of which will be from among those who are in this city. ### STARTED A FIRE ON FLOOR OF HIS ROOM

John E. Schreck was taken to the detention ward of the Receiving Hospital this morning pending an examination as to his sanity. He is more than 70 years old and for some months has been showing signs of a failing mind. While rooming at a lodging house at 402 Ninth street he started a fire in the middle of his apartment, claiming that the heat from the grate did not keep him warm. On another occasion he tried to burn the building down by running through the hallways in very scanty attire.

### STUFFERS COMING FROM FRISCO.

Judge Fox, president of the Quarter Century Republican Club, stated to the members last night that the information had come to him straight from a reliable source in San Francisco that there was organizing over there a body of disreputables to come over here and assist in controlling the primaries in the interest of Mr. Dalton. Forewarned is forearmed. Let the supporters of Mr. Metcalf, the police authorities and the detective agents of Harry N. Morse be on guard to spot them and frustrate their nefarious designs upon the Republican party of this county.

## ELIZASIMMONS THE FAVORITE.

### Ruhlin Confident of Beating Lanky Bob Tonight.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Aug. 10.—Comparatively few have been placed on the night to take place in Madison Square Garden tonight between Lanky Bob Fitzsimmons and Eliza Simmonds. The odds are 10 to 5 in favor of Fitzsimmons. Those who pin their faith to Fitzsimmons believe that his experience, original tactics and great generalship, together with his great hitting, will more than offset Ruhlin's advantage in weight and youth.  
Punch exercise was taken by Fitzsimmons and Ruhlin at their respective training quarters last night. Each man finished his day's training in good shape, and both said they were in condition to fight. Fitzsimmons' exercise consisted of a spin on the road in the morning and feinting and sparring with Armstrong in the afternoon. Ruhlin's work was pretty much of the same character. Fitzsimmons weighs 162 pounds. Ruhlin tipped the beam at 170 pounds.  
Several road judges who watched Fitzsimmons' training at his work expressed the opinion that the former heavyweight champion was a big draw. They thought he had trained down too fine.  
When Fitzsimmons' attention was called to the comments on his condition he said that he cared little for the opinion of others about his looks, and added that he was the best judge of his own condition and that he never felt better in his life.  
Ruhlin's friends can find no flaw in the physical condition of the "African Lion." They say he is physically fit, and are confident that he will take "Lanky Bob" measure when they meet tonight. Fitzsimmons himself is confident that he will win. He says he is in the best of his condition and that he never felt better in his life.  
Ruhlin also pointed out that "Lanky Bob" has a greater variety of blows than any other living pugilist, and that he believes that he has several new ones that will play havoc with the old ones. Fitzsimmons who introduced the solar plexus which proved so effective in his fight with Corbett. It is pointed out in the fight with Corbett. It is pointed out in the fight with Corbett. **A FINAL WORD TO REPUBLICANS.**

Tomorrow the Republican primaries will be held. It is a relief to the public that a contest which has grown acrimonious, and into which unnecessary personalities and many irrelevant side issues have been imported, is drawing to a close. We hope to see a full poll of the Republican vote, and trust that the balloting will be confined to legally registered Republican voters. It is to be hoped that recrimination will cease after the election, and that the result will be accepted with cheerfulness.

THE TRIBUNE believes that Victor H. Metcalf is the man best qualified to represent this district in Congress. We believe he is justly entitled to the nomination by reason of party usage and public service. This view has been consistently advocated, without disparagement of the virtues and characters of those who hold an opposite opinion. It is to be regretted that the contest was not confined to the legitimate question at issue, but the thing is nearly ended now, and we trust a wiser and more temperate spirit will govern future contests within the Republican party.

Throughout this trying campaign Mr. Metcalf has borne himself with admirable dignity. His speeches have been models of temperate discussion. His utterances have been free from personal attack or malicious insinuation. While it is unfortunate that such a high-minded gentleman could not go through a primary contest within the ranks of his own party without being subjected to baseless and scurrilous assaults on his reputation, it is a matter of commendation that he has passed through the ordeal unsmirched and undaunted, and has so carried himself as to more strongly emphasize his fitness for the office he holds.

If all Republicans were like him there would be neither harsh words nor bitter feelings. We are confident he will win because he richly deserves to win. With these last words THE TRIBUNE leaves his candidacy to the judgment of the Republican voters.

It is a moral certainty that Bryan will be beaten again this year, and consideration of that fact makes the future of the Democratic party a matter of speculative interest. Will the party twice led to defeat by the Nebraska continue to meekly accept his disastrous dominance, or will there be a revolt of the old-time Democrats that will still further disrupt the party and leave Bryan with a motley following of Populists and Republican seceders like Senator Teller, Carl Schurz and Webster Davis? The Democratic party has survived many defeats in the past, but it was then a homogeneous party with clearly defined principles. Now it represents nothing but organized discontent, and it is held together simply by the hope of victory on the tinsy issue of imperialism. When the good sense of the American people shall have relegated that scarecrow to the political garret where the free silver issue is accumulating dust, the disgusted followers of the false prophet are likely to turn on him and overthrow him even as the Chinese demoliish their idols when the wooden deities have been remiss in the matter of bringing rain.

This is from Hon. Smith McPherson of Iowa: "During the last session of Congress I was very intimate with the California delegation, and with no one more than with Congressman Metcalf. I learned to love the man because of his untiring efforts for the Pacific Coast, and because of his devotion to the Republican party." Judge McPherson concluded his remarks with this statement:

"If the people of this Congressional District know Mr. Metcalf as I do, he will be nominated by acclamation and elected by such a majority as will be unprecedented. From my point of view it is impossible for me to conceive that there should be any doubt as to his renomination and election."

Judge McPherson sat in Congress with Mr. Metcalf and was appointed to the Federal bench in recognition of his eminent services.

Speaker Henderson thus expressed himself on his recent visit to California: "Mr. Metcalf is an earnest, conscientious, intelligent and untiring worker. California has never sent to the Congress of the United States within my recollection a man who in his first term achieved such an enviable standing as has Mr. Metcalf, and it will be unfortunate not only for the Third Congressional District, but for the State of California, if he is not returned."

United States Senator Foster of Washington pays this high tribute to Mr. Metcalf's worth as a representative: "Victor Metcalf is one of the strongest men in Congress, one of the greatest workers, and his energy was directed largely in the interest of California and the Coast."

The laugh is on Chicago all right this time, for a Windy City visitor at the Paris Exposition has been bounced out of \$8,000 by two Englishmen. It is not stated whether or not they were whiskers to deceive him.

**METCALF IN ALAMEDA.**

When Victor H. Metcalf opened his campaign in Alameda three weeks ago the warm welcome given him showed that his services in Congress were highly appreciated by the citizens of that town. The magnificent demonstration in his honor Wednesday night gave signal proof of the growth of his popularity among the Republican voters there. Mr. Metcalf was at his best. His pithy, logical speech was a superb exhibition of the powers of the trained speaker and thinker. He dealt with the issues presented with the incisive directness that is his chief characteristic. It was a pungent commentary on the political situation that stirred his hearers to tumultuous enthusiasm.

But when a question brought up the tidal canal and the shabby personal attacks made upon him in regard to it, Mr. Metcalf revealed an unexpected capacity for hard hitting. For all his forbearing courtesy, he showed the splendid fighting material that is in him. Without once stepping down from the high plane of dignified discussion he struck out with a force and directness that electrified the audience. His clean-cut sentences and precision of statement emphasized the force of his remarks. In a twinkling he was at the heart of the business, disclosing the readiness of the skillful debater. His mental strength and sincerity visibly impressed his hearers. His exposure of the sham pretenses on which he is opposed was trenchant and complete. When he stated that men in Oakland were supporting Mr. Dalton because Mr. Metcalf would not break the pledge he had made to the people of Alameda he disclosed the insincerity of the pretense that he was not standing by the tidal canal project.

Whether Mr. Dalton is responsible for it or not, Mr. Metcalf is being opposed on different sides of the estuary on diametrically opposite grounds. Mr. Metcalf's position is the same on both sides of the estuary. There are no shifts and evasions about him. He is conducting the Congressional contest on Congressional issues in a candid, straightforward way. Alameda will stand by him.

**THE HALF-HOLIDAY MOVEMENT.**

The revival here of the half-holiday movement will be watched with interest, for although we have experienced such crusades before they have not been attended by as strong influences as are associated with the present one. The advocacy of the matter by a number of leading local clergymen is in itself a prime consideration, though an even greater factor is contained in the recent organization of a union by the retail clerks, which will, of course, harmonize their operations in a manner productive of the greatest force.

That the Saturday half-holiday is steadily spreading in the West is plainly apparent. It has already gathered in nearly all the professions, and only those who by actual pressure of business are compelled to stay can be found after noon of that day in the big office buildings across the bay. No courts are open Saturday afternoons except in cases of emergency, the stock exchanges are closed, the wholesalers do little, if any, business, and bait galore is thrown out by amusement caterers in the form of baseball games, theater matinees, athletic contests, and so on.

An unfortunate condition of affairs is, however, presented for the retailers. The very fact that so many more people than usual are on the streets is a reason why the stores should cater more vigorously Saturday afternoon and evening than any other part of the week, in some establishments the receipts during those hours representing almost as much as those of the preceding five days put together. The fact, too, that Saturday is pay day at the majority of establishments contributes to the pressure of the situation, for when the wage-earner lays his hands upon his money he wants to dispose of his necessary shopping right away lest his dollars become diverted into other channels. It can be seen, therefore, that owing to the big trade that is represented by the hours in question the retail clerks are confronted by an extremely hard battle, and without the desire to throw any cold water on their efforts, it must be said that the chances of their immediate success cannot be regarded as promising.

**STRONG BEFORE THE PEOPLE.**

The Republicans of the Third District should select as their standard bearer not only a man of experience and ability, but one who is in active sympathy with the sentiments and purposes of the Republican party, and who can be depended upon to give the National Administration cordial and effective support.

More than this, they should nominate a man who can poll the full Republican vote of the district. In other words, what is wanted is a thoroughly representative Republican who can command the full strength of the party.

In Victor H. Metcalf the Republicans have a man who exactly meets all requirements as to capacity and party strength. Let the record speak.

In 1896 McKinley carried the counties comprising the Third District by an aggregate majority of 4,150 over the fusion vote for Bryan. In 1898 Governor Gage carried the same counties by an aggregate majority over the fusion vote for Maguire of 4,346. There is no substantial difference between the Presidential majority for McKinley and the gubernatorial majority for Gage, showing that the normal Republican majority of the district is a little over 4,000.

Running in the same year with Governor Gage, Victor H. Metcalf polled a majority of 6,404 over the fusion vote cast for his competitor. Mr. Metcalf demonstrated his ability to get the full Republican majority and two thousand over. This fact is of impressive significance to the Republican voters. It shows that Mr. Metcalf is not only a strong man intellectually but is particularly strong before the people.

Congressman Foss, acting chairman of the House Committee on Naval Affairs, bears this testimony to Mr. Metcalf's capacity and influence in Congress:

"In regard to Congressman Metcalf, I beg to state that he was appointed upon the Naval Committee by the Speaker, and is the only member serving his first term who has been so honored, all the other members of the Committee now serving at least their second term. He has been assigned to four important sub-committees. He is ranking member upon the important sub-committee of Ordnance and Navy Yards. Thus far he has proved himself to be an able, industrious and efficient member of the Naval Committee, and has been especially solicitous of the welfare of the Navy Yard at Mare Island."

The selection of Field Marshal von Waldersee as Commander-in-Chief of the allied forces falls short of meeting the requirements of the situation, inasmuch as he is still in Germany while the allied forces are operating in China. Von Waldersee is an accomplished soldier, but what the allies most need just now is a capable man in supreme command of the forces advancing on Peking.

A dog trained to run tramps off the place attacked and badly bit a policeman across the bay yesterday. That was a discriminating canine. It saw that the bobby was on the beat.

An unusually large number of freshmen will attend the State University this year. As education is free there it is little wonder that the "terms" are so popular.

After being first bailed out, the bucket shop men have won out in the courts. Their end of the proposition held water better than the case against them.

No wonder Bryan is making a hit around Chicago just now. There is lots of hot air on hand to keep him going.

**STRONG FIGHT FOR ASSEMBLY.**

**Friends of Fred C. Clift Rallying to His Support.**

Frederick C. Clift should receive the cordial endorsement of every Republican voter of the Fifty-first Assembly District for the nomination of Assemblyman. His first term as a legislator was characterized by that degree of fairness, integrity and impartiality that won for him a second nomination without opposition, and an election by a large and unprecedented majority.

Hence no is no untitled man. Mr. Clift has always taken a lively interest in our public institutions, and particularly those that rely upon appropriations from the Legislature. If elected, the State University, Home for the Aged, Deaf, Blind, and other public institutions will find in him a constant friend and able supporter.

Mr. Clift is intelligent, capable, fair and impartial and is in every way worthy to represent the people of the Fifty-first Assembly District in the Legislature of the State of California.

"I would like to express my gratitude for the benefit received from your wonderful medicine, 'Favorite Prescription.' I had to bed and stay for weeks. I tried different doctors, but with little benefit. I read about many being helped by using your medicine so I thought I would give it a trial. I began to take your 'Favorite Prescription' in November and I had a nice little baby girl in February following. My baby weighed over eight pounds. I was only in hard labor about one hour and got along nicely during confinement; was up and dressed on the eighth day. I never had the doctor with me at all. My friends thought that I was sick a very short time. I think Dr. Pierce's Favorite Prescription is indeed a mother's true friend, for it helped me wonderfully."

WANTS HIGHER  
MONEY RATE.

Russell Sage Thinks  
There Is Danger  
Ahead.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.  
NEW YORK, Aug. 10.—The Herald  
praises the following:  
"Russell Sage is not satisfied by any  
means with the present easy money  
rate."  
"There is danger of very heavy losses  
under present conditions," he said, "the  
cause of the kind of collateral banks are  
newly created. The banks are compelled  
to accept it in order to loan their money  
at all. Money is a drug on the market  
now. It is in a very unsatisfactory  
condition. With the possibility of falling prices  
for securities, lenders may find themselves  
insufficiently protected."  
Mr. Sage expressed the view that what  
the situation needed was a higher money  
rate. He said the success of the British  
loan here, which surprised him somewhat,  
although he was glad to see it, was largely  
due to the fact that money was in so  
little demand.

"But the Englishmen used good judgment  
in deciding to issue the bonds at 8%,"  
he continued. "They could not have done  
that at par, I think, I doubt if they  
could have done so at 7%."  
Mr. Sage was asked if he had carried  
out his intention by subscribing to the  
loan.  
"I trusted my subscription to another  
man," said he, "and I have not heard  
whether he got the bonds. I wanted to  
see if I was glad to encourage the good  
feeling between the two countries which  
the loan should produce. If this attempt  
to place an English loan had been a dis-  
appointment it might have hindered other  
attempts."

ROMANCE OF A  
SYRIAN THIEF.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.  
CHICAGO, Aug. 10.—An oriental ro-  
mance in an occidental setting was re-  
vealed when detectives from the Central  
Police Station arrested Oudie Herro, a  
Syrian, charging him with embezzling  
a several thousand dollars from a jewelry  
firm. The complaint is in a jewelry firm  
in this city where Herro was employed as  
a salesman in the jewelry and diamond  
department. The young man confessed his  
guilt and attributed his wrongdoing to a  
desire to amass enough wealth to marry  
one of his countrywomen.  
Herro told the police that he had been  
in this country six years. He was born  
in Damascus, and on arriving in New  
York he obtained a position as agent for  
an oriental jewelry house. Later he  
came to the Chicago firm and had been  
in sole charge of the trade with the Or-  
iental and Arabic. As an other mem-  
ber of the house understood these lan-  
guages Herro was never interfered with  
and his books were seldom examined.  
The young foreigner was made to ac-  
company the officers to his apartment,  
where many valuable jewelry goods were  
found and also a crucible and chemist's  
lamp used by Herro in melting up his  
plunder. There were signs of watch  
movements, jewelry and a jewelry case  
was half filled with bracelets  
and rings.

Hongkong Merchants  
Selling Guns to  
Chinese.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.  
NEW YORK, Aug. 10.—A dispatch to the  
Journal and Advertiser from London  
says:  
"All efforts on the part of the British and  
foreign governments to stop the supply of  
war material to the Chinese are destined  
to prove of no avail as long as the Cham-  
ber of Commerce and Legislative Council  
of Hongkong maintain their selfish resis-  
tance to the execution of the restrictive  
measures decreed by the powers prohib-  
iting the export of war material to  
China."

An immense trade is done at Hongkong  
in the sale of arms and ammunition to  
the Chinese and to the Filipino in-  
surgents. Indeed, the latter as well as  
the Chinese draw all their supplies of this  
kind from Hongkong, where the mer-  
chants are estimated to resist any inter-  
ference with their business. Hongkong  
has no custom house and has, therefore,  
no means of checking the imports or ex-  
ports if the shippers do not choose to  
make a purely voluntary declaration  
of the harbor office.

The Chamber of Commerce and the  
Legislative Council at Hongkong are re-  
solved to fight the government tooth and  
nail in the matter, declaring that it will  
constitute a blow at the traditional  
"freedom of port of Hongkong," and  
have engaged Queen's Counselor Fran-  
cis, the chief of the colonial bar, to cham-  
pion their views in the matter.

A MOTHER IN  
ISRAEL DEAD.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.  
NEW YORK, Aug. 10.—Mrs. Honora  
W. Hand, who knew personally eight  
generations of her own family, died yester-  
day at her residence in Brooklyn of  
a stroke on the brain, resulting from old  
age. She was born December 31, 1808, in  
New Haven, Conn., and was the daugh-  
ter of Rev. Dr. Horace Holley. She re-  
membered well her great-grandmother,  
who had thirteen children, nine of whom  
were alive, thirty-eight grandchildren, fifty  
great-grandchildren and one great-great-  
grandchild. Her health began to fail  
about three years ago, but until three  
months ago she attended to all her per-  
sonal affairs and household duties, as  
she was in full possession of all her facul-  
ties. Her husband died in 1857. He  
brought the first bagging machine to  
this country from Scotland, and helped  
to revolutionize that industry.

Metcalfe Meeting Tonight.

The Forty-eighth Assembly District Met-  
calfe Club at the Sixty-third Ward Republican  
club will hold a joint meeting this evening  
at Becker's Hall. Among the speakers  
will be G. H. Gray, M. C. Chapman and  
J. S. Church.

# DIGNIFIED DENIAL OF BASE CHARGES.

## Metcalfe Shows the Falsity of the Attacks Made Upon Him.

At the meeting of the Quarter Century  
Republican Club in Fraternal Hall last  
night Congressman Victor D. Metcalfe de-  
nounced the manner in which Henry P.  
Dutton has been conducting his cam-  
paign for Congress, more especially in  
employing the columns of the Enquirer,  
his own paper, for vituperative and slan-  
derous assaults. At the same time he  
answered the several charges and showed  
that they were without foundation  
and made simply to create partisan pre-  
judice against an opponent because Dal-  
ton happened to have control of the sheet  
in question.

Frequently during the dignified im-  
peachment and denial Mr. Metcalfe was  
interrupted by applause. At the close  
ever auditor rose and promised to work  
early and late at the primary tomorrow  
in behalf of Mr. Metcalfe.

PARTY OF PROGRESS.

Mr. Metcalfe said: "I received a very  
urgent invitation a few days ago from  
your worthy chairman asking me to at-  
tend this meeting. It seemed almost im-  
possible for me to comply with this re-  
quest, but I made up my mind that I  
would strain a point and that I would be  
here tonight for the purpose of extending  
to each and everyone of you my sincere  
and heartfelt thanks for all that you  
have done and are doing in my behalf.  
I am not ungrateful, and I can assure  
you that your efforts will not be forgot-  
ten. But whatever the result of this  
contest may be, I want you to bear in  
mind one fact, and that is that you are  
Republicans, and whoever the nominee of  
the Republican party may be, I want you  
to give him your loyal support. We must  
uphold the hands of the Administration  
and send back to Washington a solid Re-  
publican delegation from the State of  
California. Applause. We must not  
stop the onward march of progress. We  
must not clog the wheels of prosperity,  
but keep on advancing and advancing un-  
til every man, woman and child through-  
out the length and breadth of this land  
who wants work and is willing to labor  
can obtain employment. The growth of  
this country, its increase in wealth and  
population, and all these things that  
tend to build up and solidify, have been  
such as to challenge the wonder and ad-  
miration of the civilized world. And that  
growth and that prosperity, to my mind,  
is due almost entirely to the tariff laws  
enacted by a Republican party."

Mr. Metcalfe then cited some figures con-  
trasting the present prosperity of the na-  
tion with that of the past.

CHARGES REFUTED.

Continuing, he said: "I feel in incum-  
ber on myself tonight to say something  
to you about the manner in which this  
campaign has been conducted. I have at  
no time during this campaign said one  
word derogatory of my opponent, nor  
have I uttered one word against his sys-  
tem of conducting this campaign, but I  
feel tonight that I owe it to myself, that  
I owe it to you, that I owe it to my friends  
and to the people of this district to dis-  
cuss in emphatic terms the manner in  
which this contest is being conducted on  
the other side.

NOTHING TO BE ASHAMED OF.

"I have lived in this community over  
twenty years. My life has been an open  
book. I have never done one thing of  
which I have been ashamed, and yet  
the Enquirer, which, I must say, in the  
past has been to a certain extent the po-  
litical Bible of the Republican party, and  
that it has to a great extent moulded and  
formed public opinion, that paper today  
is owned by Dr. Pardee and Henry P.  
Dutton. It was purchased a little over  
two years ago when Dr. Pardee was  
making his fight for the Governorship of  
California. My attention was called last  
night to an editorial in this paper and I  
desire to read a portion of it to you for  
the purpose of showing the way in which  
this fight is conducted. It is headed  
"Honesty in the Primaries."

"Two years ago," the speaker read,  
"Mr. Metcalfe was nominated as the re-  
sult of a primary that put to shame the  
violin elections that were ever held in this  
State. Stalling, repeating, fraudulent  
methods, bribery and all that goes to cast  
discredit upon American citizenship and  
American institutions were freely and  
openly indulged in."

"If that was the case, why did not the  
Enquirer, two years ago, when it was  
owned by the same men, come out and  
warn until one of the owners and prop-  
rietors is a candidate for office?"

WANTED HIM KEPT IN OFFICE.

"I will read you a little editorial from  
the Enquirer of August, 1887. 'The coming  
Republican candidate for Congress from  
Alameda County is a gentleman who has  
had a good preparation, so far as unoffi-  
cial life can give it, for legislative office.  
He is a graduate of Yale University and  
a lawyer of experience and ability. In  
this Republican district a nomination is  
practically equivalent to an election, and  
when Mr. Metcalfe goes to Congress we  
hope he will make a useful member, and  
that, if he does so, he will be continued  
in service long enough to become really  
valuable to his district. His friends who  
put him forward for the office must not  
expect him to climb to the top of the ladder  
at the first session; such a thing is im-  
possible, for graduation is the rule of  
Congressional life. In that body a man  
must be content to advance to station  
and to influence slowly, and his consi-  
deration must learn not to be impatient. If  
he were a Elaine or a Reed, Mr. Metcalfe  
could not accomplish in his first term  
half of the things which enthusiastic  
friends have promised in his behalf.'"

USED HIS OWN PAPER.

"If what they said in that editorial last  
night was true it was the duty of the  
Enquirer to have denounced it at the time  
they say these frauds occurred and not  
wait until one of the proprietors of that  
paper is a candidate for an office, and  
then try to use it purely and simply as a  
campaign document or instrument."  
"Now another fact: This was one of  
the tricks which the Metcalfe managers  
and the county committee played in or-  
der to give Mr. Metcalfe an unfair ad-  
vantage over his competitor. At that  
time, as now, Mr. Metcalfe was going  
about calling for a clean, fair primary.  
Now the County Central Committee to  
which that refers, was at that time un-  
der the control of Dr. Pardee. I did not  
go before the Congressional Committee,

pursued by this paper might, and may  
result in the selection and election of a  
congressman from the Third Congressional  
District, but I am not at all sure that  
of my remarks, and I say to you now,  
whatever may be the result of this con-  
test, I want you to stand loyally by the  
nominees of the Republican party. If we  
have any differences, bury those differ-  
ences, but uphold the hands of William  
McKinley. I believe you will support me.  
I find that throughout this county, the  
sentiment that believes a man ought to  
be returned to Congress still exists, and  
that the conservative element of this  
county is largely with me in this fight.  
GOOD WORK DONE.

"And I believe we are going to win out  
in this campaign. I don't know as I  
ought to take any more of your time.  
(A voice: "Go on.") But I would like to  
say something to you as to what has been  
accomplished in this first session of Con-  
gress. I don't want to take upon myself  
the credit for it, but I can say this to  
you, that if any man ever worked faith-  
fully, honestly, and conscientiously for  
his district, I have worked faithfully and  
conscientiously and honestly for the  
Third Congressional District. (Ap-  
plause.)

"At the last session of Congress an ap-  
propriation was made for a drydock at  
Marine Island. That drydock was to be  
built of wood. In the first few days of  
the session, I think in January, a bill was  
passed largely through my instrumentality,  
changing that drydock from wood to  
stone, and appropriating \$350,000.

MILLION FOR MARINE ISLAND.

"Marine Island received over a million  
dollars in appropriations. I had inserted  
in the naval bill an appropriation of \$300,  
000 in addition, for the construction of  
barracks at Marine Island, but that ap-  
propriation was stricken out in the Senate.  
These appropriations were made for im-  
provements, for the purpose of purchas-  
ing new machinery, and so on. In addi-  
tion, a concurrent resolution was intro-  
duced in the House of Representatives,  
providing for the appointment of a com-  
missioner for the survey of the Oakland  
harbor and Oakland channel, commencing  
at the mouth of the tidal canal, with a  
view of deepening and widening the chan-  
nel and excavating and dredging the en-  
tire tidal basin. That bill was incorpo-  
rated into the emergency rivers and har-  
bors bill, and it passed the House and  
Senate and was signed by the President  
of the United States.

SURVEY MUST BE MADE.

"It is incumbent now upon the Govern-  
ment engineers to make surveys, and if  
their report is favorable it means we can  
go before Congress and ask for the neces-  
sary appropriation for the purpose of  
carrying out that work and making that  
much needed improvement, because if the  
channel is deepened to thirty feet and  
extended in the tidal basin, excavated and  
dredged, it means even more to the city  
of Oakland than a competing railroad. If  
the channel had been deep enough the  
transport vessels coming to San Francis-  
co would have been brought to our side  
of the bay, and we would have been re-  
ceiving large returns by reason of that  
fact.

ANTIOCH TO MARTINEZ.

"I introduced a concurrent resolution  
providing for a survey of the channel  
from Antioch to Martinez. It did not  
pass the House, was not reported favor-  
ably in committee. I then went to the  
Senate and had that tacked on to the  
bill in the Senate. It was referred to a  
conference committee and in the confer-  
ence committee it was retained in the  
bill, and this is the only district in the  
United States that had two surveys in  
that bill.

POSTAL FACILITIES.

"The postal facilities of the city of Oak-  
land have been increased. The annexed  
to the city of Oakland, free delivery, and  
five or six additional letter carriers. At  
Berkeley, Lorin and Perak were given  
free delivery, with four or five additional  
letter carriers. They have been clamoring  
for that service for several years, and had  
not been able to obtain it, but it was only  
after persistent effort, by going to the  
department day after day, urging upon  
the department the importance and neces-  
sity to the people of that district of hav-  
ing free delivery, and then finally enlist-  
ing the services of Mr. Loun, the chair-  
man of the committee on postoffice and  
post roads, that I was able to obtain that  
favor at the hands of the Postal Depart-  
ment.

MORE HELP.

"The postoffice here was given two ad-  
ditional clerks and the salaries of eight  
or ten of the clerical force in the depart-  
ment of that postoffice. The sub-stations have  
been established in Oakland, one at Sixth  
avenue and Eighteenth street, one near Clin-  
ton station, one at the narrow gauge de-  
pot, one at Seventh street near Broad-  
way and one in the lower portion of  
town.

"These may be small matters, gentle-  
men, but they are matters that help the  
city of Oakland.

POSTOFFICE SITE.

"The postoffice site has been selected  
and an appropriation of \$50,000 has been  
made for the purpose of completing the  
work, and I want to say here to you all  
that I had nothing to do with the obtain-  
ing of that appropriation. That appropria-  
tion was obtained in the last session of  
the Fifty-fifth Congress, and it was ob-  
tained through the instrumentality of  
Congressman Hibborn and Senator Per-  
kins. But I did all that I possibly could  
to have the site selected. I did all I could  
to have the title passed on at the earliest  
possible moment, and have done all I  
possibly could to have the plans com-  
pleted, so the work could go on. The  
plans have been completed and, as I said  
before, \$50,000 has been appropriated for  
that purpose. There was \$100,000 appro-  
priated for the Oakland harbor, on the  
continuous contract system; \$50,000 for  
new buildings at Yerba Buena Island, for  
a training station. These are some of the  
things that have been done for the Third  
Congressional District, not always in the  
House, but through departments, and it  
is not necessary for me to refer to the  
great number of pension claims that have  
been sent out, to the pension claims that  
have been granted by the department.

WANTS CONFIDENCE OF THE PEOP-  
LE.

"If you feel, and I think you do, that  
I have been faithful to the charge en-  
trusted to me, I want your support; other-  
wise not. I do not want to go back to  
Washington unless I have the confidence  
of the people of this community. I want  
that confidence, and I want to see that  
has been inaugurated. I want to see that  
this harbor improvement is carried out  
and that the necessary appropriations are  
made.

"Now, simply a word more in conclu-  
sion. I believe that the Republican party  
is to be congratulated upon the selection  
of its standard-bearers. Great men in the  
persons of McKinley and Roosevelt have  
been chosen to carry on to a great and  
glorious victory. They have the confi-  
dence and respect of the people of the  
United States, and that confidence will be  
manifested on the day of election in no  
uncertain terms. The patriotism, the  
Americanism of the Administration is be-  
yond question, and I believe that the  
sound judgment of this nation will, in  
November next, give expression to its con-

PUBLISH THE RECORD.

"After the applause had ceased George  
W. Frick rose and said:  
"This evening there was a copy of the  
Enquirer thrown into my yard free. In it  
was an editorial asking what Mr. Metcalfe  
has done since he went to Congress. I  
want to suggest to the representative of  
that paper (there was no Enquirer re-  
porter present) that he publish what Mr.  
Metcalfe has said was done, as only a par-  
tial report of what was accomplished.  
That will be a partial answer to the ques-  
tion, 'What has Mr. Metcalfe done?'"  
(Cheers.)

VOLUNTEER TO WORK.

William Mosier then said that they  
were not young any longer, but they  
were, at the same time, not too old to  
work at the polls. They had worked there  
many a time. He proposed to go to the  
polls on Saturday and work from the  
opening till the close for Mr. Metcalfe.  
He asked that the members pledge  
themselves to do the same thing.  
The motion prevailed by a standing vote  
and the greatest enthusiasm.

Ex-Mayor Thomas sang several patri-  
otic songs with thrilling effect.

Interesting addresses endorsing Mr.  
Metcalfe were delivered by George W.  
Frick, Major J. L. Bromley, Mr. Hollis  
of Hayes and several others.

Fred M. Campbell said that the cam-  
paign pamphlet which had been signed by  
all the members of the club had been sent  
throughout the district, through a large  
part of the county and it would be dis-  
tributed in the heart of the town today and  
tomorrow.

WORK ON OUR  
NEW WAR SHIPS.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.

WASHINGTON, Aug. 10.—Admiral  
Hitchcock, Chief of the Bureau of Con-  
struction and Repair, has issued a state-  
ment concerning the degree of comple-  
tion of the torpedo boats now under con-  
struction for the navy at shipyards all over  
the country. Of the big battleships the Ala-  
bama and Wisconsin stand at 85 and 84  
per cent respectively towards final com-  
pletion. The Alabama at the Cramps  
yard is shortly to have her initial trial  
trip. The Illinois, at Newport News, is  
84 per cent completed.  
Little work on the six sheathed  
protected cruisers has been done. The Den-  
ver is the nearest completed, at 30 per  
cent. While no work has been done on  
the Galveston and Tucuman. The four  
monitors, Arkansas, Connecticut, Florida  
and Wyoming are each about half finish-  
ed. Of the torpedo boat destroyers the  
Lawrence and McDonough stand at 95  
and 94 per cent. The torpedo boats  
Stratford, Gloucester, Bailey, Barney  
and Stockton are over 90 per cent com-  
pleted. The sub-marine torpedo boat stands  
at 85 per cent.

OF ACCEPTANCE.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.

NEW YORK, Aug. 10.—Eugene V.  
Debs and Joe Harriman, the Social Dem-  
ocratic party's candidates for President  
and Vice-President, have sent their let-  
ters of acceptance to William Butler of  
Springfield, Mass., national secretary of  
the party. Debs says that he seeks no  
personal preferment.

Civil Service Warning.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.

WASHINGTON, Aug. 10.—The Civil Ser-  
vice Commission, following its usual  
practice, has requested the various heads  
of departments to issue an order warning  
against political assessments. In order  
that employees may be fully informed of  
their rights in making or withholding po-  
litical contributions and also warning of-  
ficials against violation of the penal pro-  
visions of the law.

Sent to Quarantine.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.

SEATTLE, Wash., Aug. 10.—The steam-  
er Aberdeen arrived here yesterday from  
Seattle with twenty-two passengers. On  
reaching her dock her captain was not-  
ified to return to Port Townsend quar-  
antine station for inspection, having pass-  
ed that port without a call. The captain  
protested that he had a clean bill of  
health and not a sick person on board,  
but was sent back.

PREDICAMENT OF  
CHINESE CONSULS

In Case of War There Is  
No Neutral Country  
to Go To.

Associated Press Dispatches by  
The Tribune's Special Leased Wire.

NEW YORK, Aug. 10.—Chinese Consul  
Tehow Tse Chi and his staff are still  
holding forth at the consulate in this  
city, but the consular offices due Tues-  
day did not arrive and are not expected  
now.

Mr. Tehow says in an interview: "We  
want to stay and do our duty, but in case  
of war diplomatic and consular officials  
leave their offices to go to a neutral  
country to return home. There is no neu-  
tral country to which we can go, for the  
whole world is against China. I cannot  
return to Peking and I cannot return  
here."

"Then there are 25,000 Chinese in my  
general charge. What is going to be-  
come of consular business, the volume of  
which is great? There is no other gov-  
ernment's consulate to which to entrust  
it."

"Then, since it is apparent that I  
should stay here and maintain my staff  
and offices, and since that it is very cost-  
ly, how am I to do without a govern-  
ment? I can neither stay nor go away.  
There is satisfaction, however, in know-  
ing that my colleagues at Chicago, San  
Francisco and Vancouver are in the same  
predicament. 'Mr. Wu Ting Fong is in no  
position to offer me aid, for he will  
soon be in as bad a state as I am.'"
